

Tuesday

Maths

Today we are going to be looking at working out a missing number in an addition number sentence where the number sentences have similar numbers in them. Use 'Working out missing numbers in addition number sentences' pdf to go through the learning. Then let your child complete their sheet and email it. They will need to use number lines to work out the missing number for each question. If your child can spot the pattern without using a number line, please get them to check they are right afterwards by using one.

Letters and Sounds - no photo/image required to send back

Letters and Sounds are now live lessons every morning on Teams. Please ensure your child attends this session as it is very important for them to continue to learn how to read and write. Your child will need phoneme frames drawn on paper or in a book. It looks like this. They will need at least 6 of these drawn separately.

If your child is in Mrs White's group, please also use this link to continue to recap phase 4 reading of words.

<https://www.youtube.com/watch?v=dFqFWbIV-vo&feature=youtu.be>

Your child will need to verbally read words, sounds and answer questions. They will need paper and a pencil.

History

Today I would like your child to pretend to be Samuel Pepys and write a diary using the ideas from their senses sheet yesterday. Use the 'Diary writing' pdf to go through the learning. Use the prompt questions one a time for your child to put their ideas from their senses sheet into a sentence. Once the diary is written email it. You can write it straight in a book or on lined paper.

Geography

This week we will be looking at map work. Today your child will be learning to recognise landmarks and basic human and physical features from ariel photographs. Use 'Recognising landmarks' pdf to go through the learning. Please do not print it out as there are a lot of photographs and pictures in colour too. Complete the ariel photographs sheet and email it.
