

Animal Groups

STAGE 1

Humans like to live in groups. Sometimes we call this a crowd. Lots of animals live in groups. Groups of animals have lots of different fun names. These are called **collective nouns**.

A group of gorillas is called a **band** or a **troop**.

You might find a **herd** or **memory** of elephants.

Groups of parrots are very noisy. They are called a **pandemonium**.

Don't end up as lunch for a **congregation** of alligators!

A **flamboyance** of flamingoes is definitely a fun collective noun.

You don't want to see a **smack** of jellyfish when you are swimming.

R: Which animal lives in a sloth?

S: Which is your favourite collective noun? Why?

Lions live in **packs**. There is normally only one adult male.

R: A pack is a collective noun for which animal?

Lots of big hippos together are called a **bloat**!

A group of bears is called a **sloth**.

Answers
