

Can I sort 2D shapes?

Draw a line to match the shapes to the shape names.

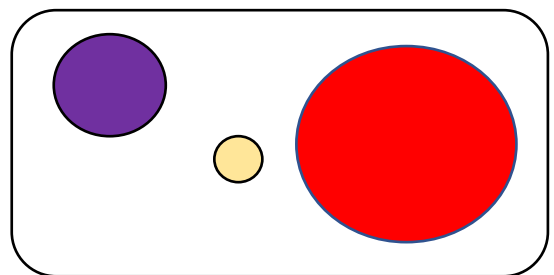

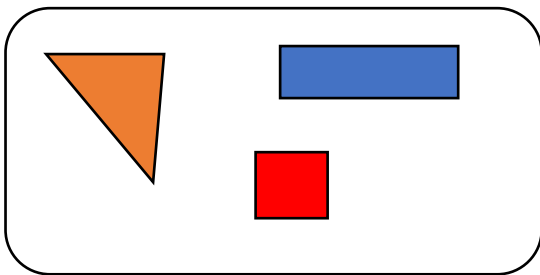

squares

circles

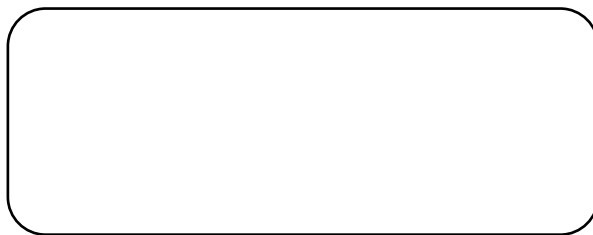

triangles

rectangles

How have the shapes been sorted?

Draw a shape that is NOT a circle. Label it too. Remember if your shape has corners, you need to make sure your shape shows this.

Sort the shapes. The first one has been done for you.

Eva has sorted some shapes. Has she sorted them correctly?

A B C D E F

2-D shapes

3-D shapes

A

triangles
