

*Can I name 2D shapes?*

2D shapes are shapes which are flat. Have a look at the difference between 2D and 3D shapes.

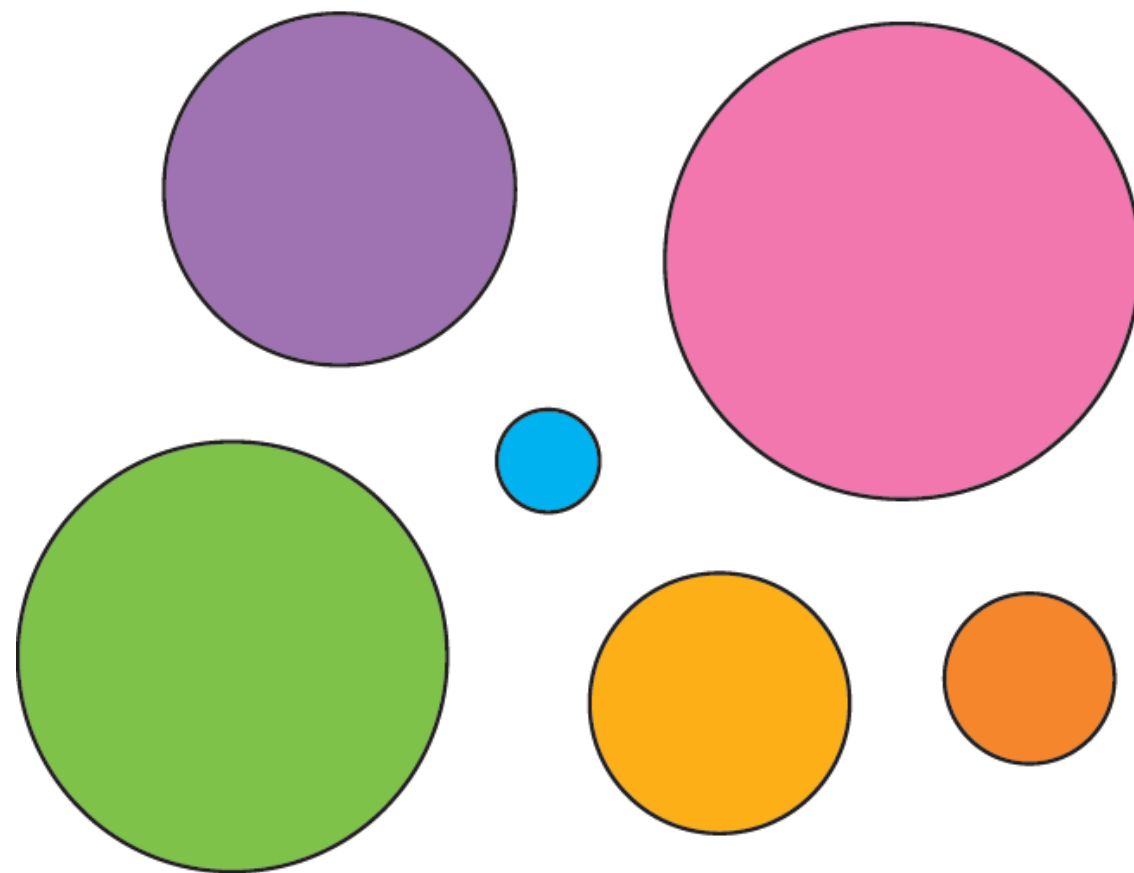

# 3D shapes

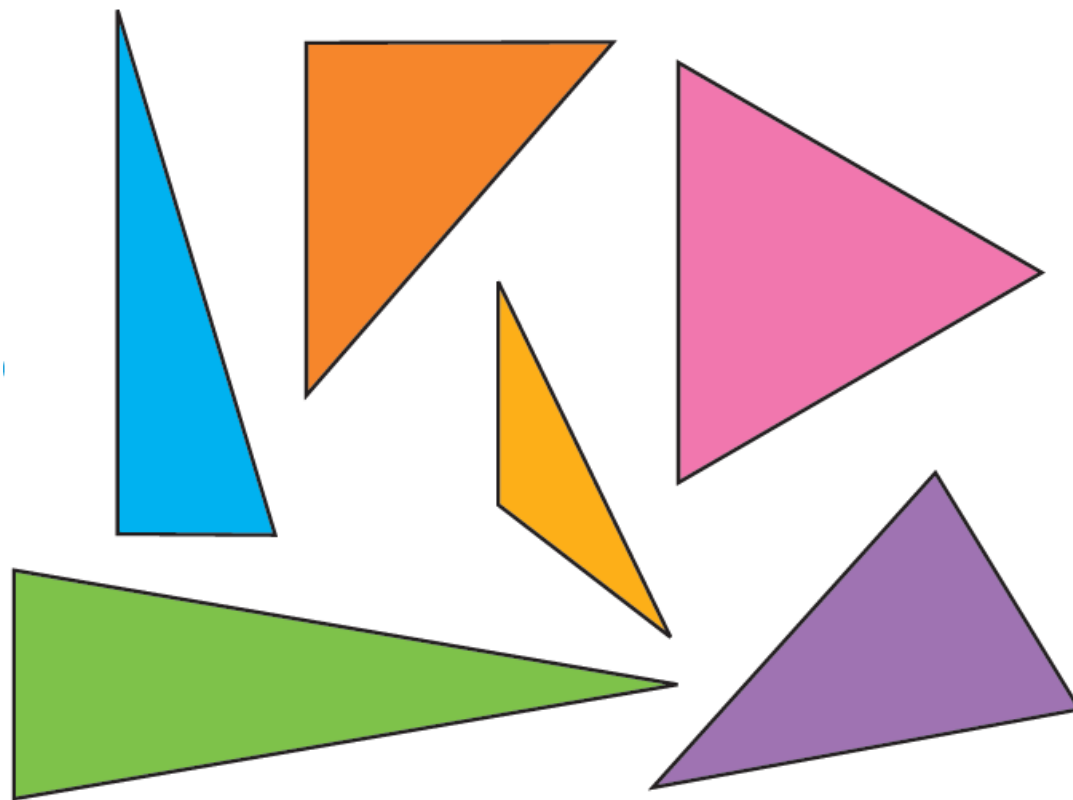

# 2D shapes

Look at these shapes.  
For each shape, talk  
about the corners and  
edges/sides.

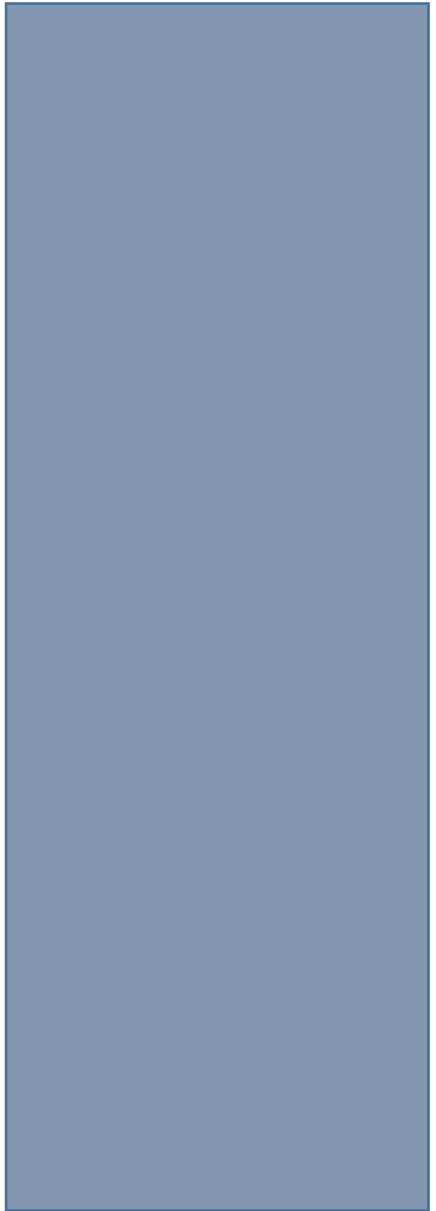

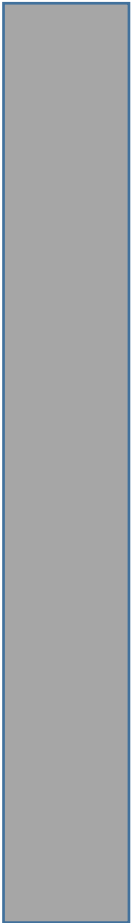

*Circle*

*Triangle*

*Square*

*Rectangle*

Now have a look  
around your house for  
objects which are  
circles, squares,  
rectangles and triangles!

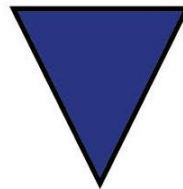

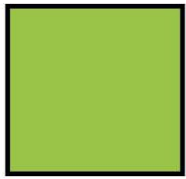

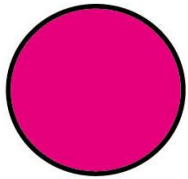

Use the words to help you name the shapes.

square

rectangle

circle

triangle

*Circle the rectangles and tick the triangles.*

Circle the squares and tick the circles.

Part of this shape is hidden.  
What could it be? How do you  
know? Explain your thinking.
