

Homework week commencing 26th February 2024

Welcome back to a new Spring Term!

Well done for completing your Maths worded problems. Some of you have worked very hard on the questions and achieved 100%. Fantastic! House points are waiting for you!

This week, I have set a reading comprehension task where you must read a playscript and answer questions from it. Remember we have worked on the features of a playscript in class. Use that knowledge the best way you can.

All the best!

Kind regards,

Mrs Padam
