

Homework week commencing 2nd October 2023

Well done for all your reading of *The Settlers*. Some of you have told me that you have completed reading the online book, so I would encourage you all to finish reading it from **Purple Mash**. Make sure that you collect your house points!

This week, we are continuing to use [Atom Learning](#), where I have set you a Maths task on Place Value. This is learning that we have gone through in class, so you should manage it. If you are unsure of a question, Atom will guide you through the answer. I will check your progress carefully.

Any questions, please don't hesitate to contact me via email.

Kind regards,

Mrs Padam
