

Homework week commencing 12th June 2023

Great matching of map symbols! You all seemed to enjoy that task. Now don't forget to collect your house points.

We are continuing with our Geography topic about mountain ranges of the world. The next task is to create a fact file about the geography of mountains. Make sure that you use all the facts and information at hand to help you. As usual, the task can be found on **Purple Mash**. I have given you 2 weeks to complete this challenge.

All the best!

Please complete your task by Monday 26th June.

Kind regards,

Mrs Padam
