

Homework week commencing 27th March 2023

Excellent reports on Surrealist artists and landscape artists Year 3! You have created some in depth reports. Well done all!

As we have started to learn about Weather and Climates, I would like you to create a mind map of different types of weather, using the 2Connect programme. However, if you find this difficult, a handwritten copy is fine too. Furthermore, I would like you to complete the Weather Types report, where you explain your mind map and how the weather impacts on human every day life. E.g travel, sports events, clothing etc.

The homework task is set on **Purple Mash** as usual.

Secondly, after Easter, we are learning about packaging in Design Technology. Therefore, I'm kindly asking for you to bring in an empty Easter/Chocolate Egg box to use in our design work. Thank you in our advance for your support.

Finally, I would like to wish you all a restful break and Happy Easter!

Kind regards,

Mrs Padam
