

We are learning about
goats

What do goats eat?

Goats like to graze on grass.

They like to eat bushes and leaves on trees.

We try to **eat** anything. Yummy!!!

Plants are best they don't give us stomach ache.

What is a

Mummy goat

called ?

A mummy goat is called a Nanny goat.

Nanny goats have short horns on top of their heads.

What is a

daddy goat

called ?

A Daddy goat is called a Billy goat.

Billy goats have big horns and a long beard.

Can you guess what a baby goat is called....

a piglet?

a calf?

a chick

a cygnet?

a duckling?

a lamb?

It is called a kid !

I love drinking milk from my mum.

Why are goats important?

Goats give us milk. We can make cheese and yogurt with it. We can use their skin to make soft leather.

Goats have hooves. Do you think they can climb trees?

Yes **they** can!
Goats like to be up **h**igh.

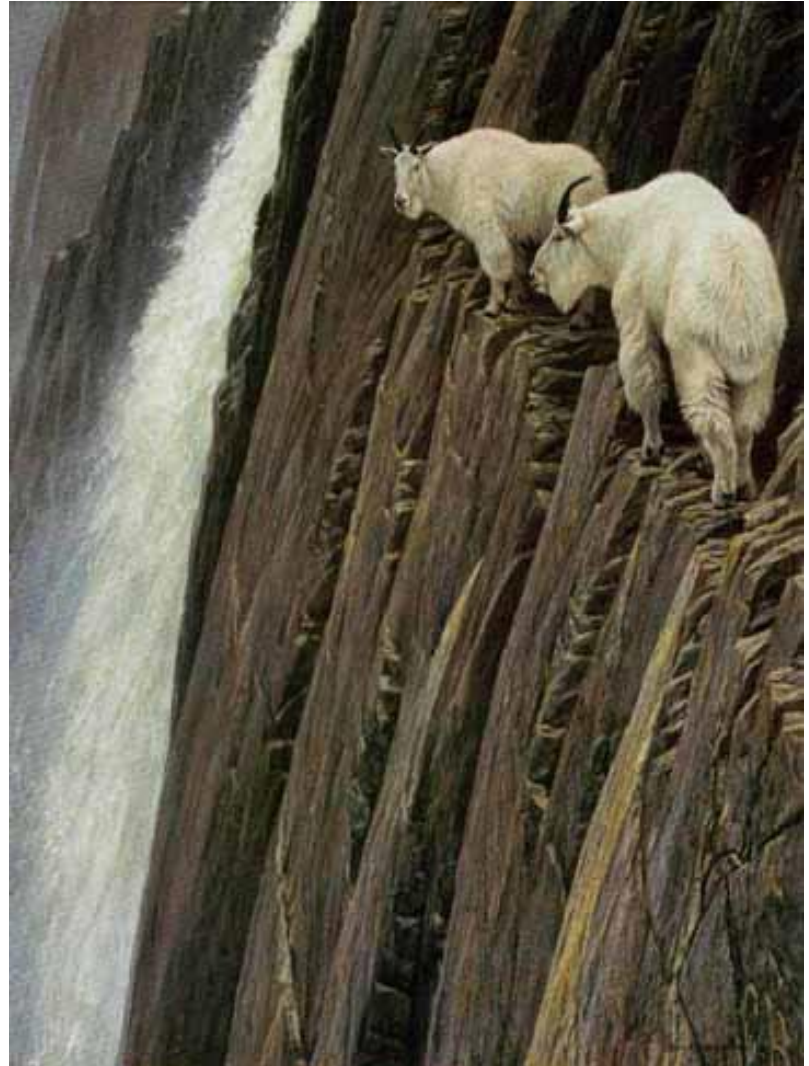

Very high!

My friend and I
going for a walk.

I am a mountain goat.

I love to climb.

This is my home!

We hope you liked learning
about goatsbye!
