

French—J'ai soif Lesson 1 Drinks—What to do

Start with date etc on worksheet or your book if you are using that.

Hot drinks As the drinks appear, click the sound and you repeat it—do this several times—do your best mimicking! (As the PowerPoint file contains audio, your software may flag it as unsafe. Please select 'Edit Anyway'.)

Cold drinks As the drinks appear, click the sound and you repeat it—do this several times—do your best mimicking! **Do not click the play sound button for cola**—it doesn't work—it just clicks to the next slide—if that happens go back and click the other buttons.

Chaud ou froide? Click the sound file arrow at the top to hear the question—as you click and each drink appears, answer the question aloud (click the play button to hear the question asked) and write down the answer (*chaude* or *froide*) in your book.

Containers Click to hear the sound for one of the containers e.g. *une bouteille* — now choose one of the drinks which goes in a bottle and join in together with de (meaning of) eg *une bouteille de l'eau*. Next choose another drink which comes in a bottle, join it to the drink name with de and so on. Complete all the drinks in *une bouteille*, then move on to *une tasse* and then to *un verre*

Check our answers with the next 3 slides. Say each phrase again and click the play button and mimic it!

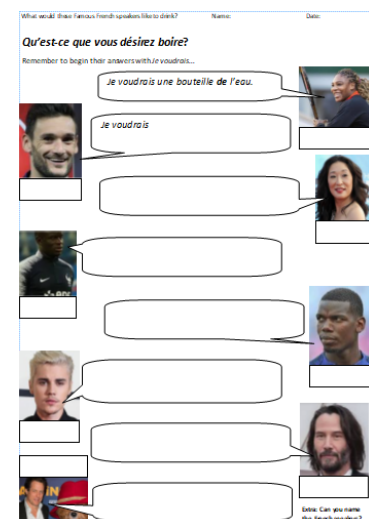

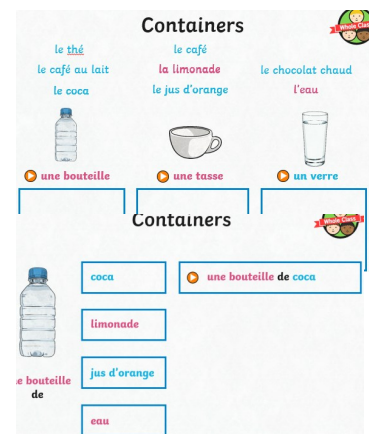

What would you like to drink?

If you have somebody to practise with, take turns asking the question: *Qu'est-ce que vous désirez boire?* (or click the play button). The other person answers by putting a sentence together beginning with *Je voudrais...* (I would like...) click the button to hear and mimic this

E.g. *Je voudrais une tasse de chocolat chaud.*

Now you are ready for the **worksheet**.

Write what you have been practising saying as you make up drinks which these famous French speakers might be asking you for. One is done as an example for you. Choose a different drink for each sentence.

Qu'est-ce que vous désirez boire?

Remember to begin their answers with *Je voudrais...*

Je voudrais une bouteille de l'eau.

Je voudrais

Extra: Can you name the French speakers?
