Go to slide 20 to find these instructions for your own creating your own cave painting: You will need 2 pieces of paper. I would paint the background of one paper first with either beige or light brownish colours and fill the full sheet. Let the paper dry. Then with the second paper, make another handprint template that you put over your painting. Alternatively, use the bushmen outlines sent to you on Teams. If you have pastels or colouring pencils, use these to draw shadows around the hand. Lift up the handprint template to reveal a Stone Age style print!</p>
