

# Anti bullying policy

St Luke's is a caring and supportive environment. We are kind and encouraging to everyone within our school because we believe that everyone is unique in their own ways.

## What is bullying?

Bullying is when someone is purposefully hurting someone over a period of time. This can be emotionally, physically, verbally or even online (cyber-bullying). It is several times on purpose which means it is not just falling out with a friend. It is important that if you are being bullied by someone, you should tell a friend or a trusted adult what is happening.

## What are we doing to stop bullying?

- All students are taught about what bullying is and what to do if it is happening to them or their friends.
- We all encourage positivity and kindness to others.
- We follow our school values and rules at all times.
- We are kind and respectful to each other no matter our differences.
- All classrooms have a worry box to allow children to share their worries.
